

JAMO STUDIO SERIES • S 628

Design

The Jamo S 628 is the flagship speaker of the Studio 600 Series. It's crystal clear, room-filling sound comes from its 3-way design highlighting three midrange drivers and a side-mounted 10-inch woofer. S 628 "mirror image" pairs give you both a slimmer design and placement flexibility for the best possible acoustic interaction with your listening room. The S 628 is available in White Ash, Dark Apple and Black Ash finishes with soft-feel black baffles for a premium, contemporary appearance. Equipped for optional bi-wiring/bi-amplification and includes optional speaker spikes.

Technology

- 1-inch (25 cm) soft dome tweeter/three 5-inch (127 cm) aluminized midrange drivers/10-inch (254 cm) side-firing woofer.
- Bass-reflex design with dual flared, rear-firing ports: Increases speaker efficiency and bass output.
- Waveguide: Provides more uniform dispersion from 2-10 kHz. Dynamics and clarity are enhanced while distortion is significantly reduced.
- Aluminum centre-plug: Eliminates cone breakup for faster "attack" and increased vocal clarity. Additional voice-coil cooling reduces power compression.
- Aluminized midrange drivers: Increases cone rigidity and vocal clarity.
- Side-firing woofer: Provides a slim, cohesive cabinet design and bass optimization for varying room acoustics.
- Dual, 5-way binding posts: Allows bi-wiring/bi-amplification with multiple connection options with wire up to 12 gauge (AWG).

Specifications

	S 628
System Type	3 Way Bass Reflex
Tweeter (mm/in)	25 / 1
Midrange (mm/in)	Three: 127 / 5
Woofer (mm/in)	254 / 10
Frequency Response (Hz +/- 3 dB)	37-20,000
Power Handling (Watts Long/Short Term)	150 / 240
Sensitivity (dB, 2.8V/1m)	90
Impedance (Ohm)	6
Product Dimensions (mm/in, HxWxD)	1134 x 190 x 380 / 44.6 x 7.5 x 15.0
Weight (Kg/lb)	25.5 / 56.2
Finishes	Black Ash, White Ash, Dark Apple
